Regional Transit opens new light-rail station

By Melanie Turner

January 10, 2012

Sacramento Regional Transit has marked the opening of a new light-rail station next to the Sacramento County Administration Center at 8th and H streets.

Congresswoman Doris Matsui, Assemblyman Roger Dickinson and other dignitaries shared remarks at an opening ceremony for the station Monday. The station links to a station at Seventh and I streets on the Gold Line. Service to the station began immediately following the ceremony.

The new station also will serve as one of two stations on the future Green Line to the River District, which is set to open this spring.
