**Congresswoman Doris Matsui Announces December Telephone Town Hall**

**SACRAMENTO, CA** – Today, Congresswoman Doris Matsui (D-Sacramento) announced she will hold a Telephone Town Hall this Thursday, December 10, 2009 at 7:00pm PST to hear from and talk with her constituents about a wide variety of issues being considered in Congress.

“Our country faces a wide range of challenges right now, ranging from a struggling economy to a foreclosure crisis, which has left millions of Americans looking for work and a place to call home. In Sacramento, these issues have been exacerbated by furloughs, and State and local budget cuts,” said Matsui. “As Congress works to pass much-needed financial regulations, health insurance reform, and put in place sweeping consumer-protection legislation, it is critical for me to continue to hear from my constituents and answer their questions about these important issues.”

To participate in the Telephone Town Hall, constituents are encouraged to RSVP at [www.matsui.house.gov](http://www.matsui.house.gov) or by calling Rep. Matsui’s Sacramento office at (916) 498-5600. Participants will be called on the phone number they provide on the night of the event.
