

ROSEVILLE PRESS TRIBUNE

Biz Buzz: Roseville resident wins award

November 15, 2011

Long-time Roseville resident, Karen Alvord, executive director of Lilliput Children's Services, was selected as a 2011 Angel in Adoption Award recipient by Congresswoman Doris Matsui (D-Sacramento).

Lilliput completed more than 500 adoptions for children in California's foster care systems last fiscal year.

Approximately 50 percent of Sacramento County's foster adoptions were completed by Lilliput during this same time period.

Lilliput has finalized more than 5,200 adoptions for foster children throughout the state and completes the highest number of public foster-adoptions of any private agency in California.

Half of the agency's adoptions have been completed in the past six years, since Karen Alvord assumed the executive directorship.
