U.S. House of Representatives
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Charging the Future Project in fiscal year 2025. The entity to receive funding for this project is the California State University, Sacramento located at 6000 J Street, Sacramento, CA, 95819. The funding would be used for the acquisition of electric vehicle (EV) charging infrastructure and train underserved students in EV charging maintenance and other green job skills on Sac State's Campus. The project is an appropriate use of taxpayer funds because it will help create a direct pipeline and career pathway for future mobility for our underserved communities and provide workforce development solutions to create inclusive pathways for future high-wage jobs for a more inclusive economy.

The project has a federal nexus because the funding provided is for purposes authorized by 42 USC 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Doris Matsui
Member of Congress
