The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Elk Grove Storm Drain Resiliency project in fiscal year 2027. The entity to receive funding for this project is the City of Elk Grove located at 8401 Laguna Palms Way, Elk Grove, CA 95758. The funding will be primarily to address overflow sewers through improvements at up to 3 storm water pumps. The project is an appropriate use of taxpayer funds because it facilitates a system used to manage, reduce, treat, and recapture stormwater or subsurface drainage water.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12. of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Doris Matsui
Member of Congress
