The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the District Parks Automated External Defibrillator (AED) Instillation Project in fiscal year 2026. The entity to receive funding for this project is the Cosumnes Community Services District located at 8820 Elk Grove Blvd, Elk Grove, CA, 95624. The funding would be used to purchase and installation of automated external defibrillators at 36 Cosumnes Community Services District parks and sports facilities. The project is an appropriate use of taxpayer funds because it will directly support public safety, risk mitigation, and community service priorities by reducing liability exposure, improving emergency response time, and significantly increasing survival outcomes in cardiac events.

The project has a federal nexus because the funding provided is for purposes authorized by 42 USC 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Doris Matsui
Member of Congress
