The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Committee  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Community Wellness Campus - Residential Treatment Center Project in fiscal year 2027. The entity to receive funding for this project is WellSpace Health located at 1500 Expo Parkway, Sacramento, CA 95815. The funding will be primarily used for construction, facility buildout, and equipment needed to complete the Residential Treatment Center. The project is an appropriate use of taxpayer funds because the project will expand access to evidence based withdrawal management and residential treatment services for individuals with moderate to severe substance use disorders, addressing a significant shortage of residential treatment capacity across Sacramento County and the surrounding Northern California region.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Doris Matsui  
Member of Congress
