The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Power Inn Road Safety and Congestion Relief project in fiscal year 2027. The entity to receive funding for this project is the City of Sacramento, located at 8401 Laguna Palms Way, Elk Grove, CA 95758. The funding would be used to construct Class IV separated bikeway improvements, install a new signal-controlled pedestrian crossing to provide a continuous greenway connection. The project is an appropriate use of taxpayer funds because it will improve pavement conditions, modernized signal equipment, crash reductions on a high-injury corridor, safer routes to school, improved transit reliability, and better corridor accessibility for residents.

The project has a federal nexus because the funding provided is for purposes authorized under 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Doris Matsui
Member of Congress
