Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the West Sacramento Flood Control Project in fiscal year 2026. The entity to receive funding for this project is the U.S. Army Corps of Engineers. The funding will continue USACE construction of the West Sacramento Levee Improvement Project, which will ensure the safety and protection of vital infrastructure, the ecosystem, and the economy in West Sacramento. The project is an appropriate use of taxpayer funds because it will increase public safety while providing environmental stewardship, economic stability, and climate resilience. This funding West Sacramento Levee Improvement Project, which will ensure the safety and protection of vital infrastructure, the ecosystem, and the economy in West Sacramento.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1401(2)(8), of the Water Resources Development Act (WARDA) 2016, as amended Act (Public Law 114-322).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
